

## **John B. Guerrero**

President/Co-Owner  
LMG Construction & John B. Guerrero & Associates, Business Brokers

A Native Austinite, Graduate of Crockett High School and St. Edwards University, Bachelor of Liberal Arts degree.

John's background in Business Management, Real Estate and Marketing were essential to his family business. His dedication to making his community a better place to live were one of the things that lead to his involvement in Keep Austin Beautiful. He led one of the first projects of Habitat for Humanity in building 2 homes in one week in Austin during a rainy October. During this time he held the position of Chair for the then Austin Association of Remodeling Contractors, and spearheaded the effort to transform a grass roots group into a NARI "National Association of Remodeling Industry" chapter. In 1991 he was awarded Business Man of the Year by the Greater Austin Hispanic Chamber of Commerce. All these accomplishments were the true beginnings of taking his family business from a small remodeling company known only in Central Texas to a nationally recognized design/build firm.

In 2006 John decided to join forces with brother, Thomas, and started a new remodeling business - LMG Construction to continue the family tradition of "excellence in the art of remodeling and construction". LMG deeply believes in giving back to our community. Some of our favorite partners are Austin Habitat for Humanity, the Habitat Re-Store Center and Travis County Adoption Day. These organizations make a difference in peoples' lives by assisting them in realizing the American dream of home ownership and family values.

His pastime is spending time with his family, his grandson, playing bass with his band, watching football and continuing to give back to his community.
